**Laxatone**

TOMLYN

Laxatone is a smooth easy-to-use gel for the prevention and removal of hairballs in cats and kittens. Both long and short haired cats shed to some degree all year long. Bathing and brushing helps lower the amount of hair swallowed during self-grooming, but some hair gets into the stomach and it cannot be digested. It can block your cat's digestive system. Regular use of laxatone coats the swallowed hair and allows it to easily pass through the intestinal tract. An irresistible taste...just place the recommended amount of gel on your finger or on the animal's paw. For best results feed between meals – do not mix with food.

**See Spot Go**

TOMLYN

Nothing works faster or is easier to use. Just test an inconspicuous portion of the area to be treated to assure that the material is colorfast, point the can toward the stain and “spray away” the problem instantly. Works great on fecal stains, urine and other common stains associated with having pets in the house. SEE SPOT GO! contains 2-Butoxyethanol and isopropyl alcohol, and has no phosphates or fluorocarbons. Veterinary recommended spray for stains and odors on carpet, furniture, clothing, auto interiors, etc. It sprays away spots and odor, including fresh blood, vomit, urine, and fecal stains, with no scrubbing or rubbing. Please follow label instructions.

**Smells & Stains**

NATURAL CHEMISTRY

Eliminates stains and odors permanently! A stain or odor problem is like an iceberg. The source of the stain or odor is often hidden beneath the surface (i.e., the under-pad or flooring). Unlike competitive products that mask odors temporarily, Natural Chemistry safely combats the root of the problem -- making the home a healthier

place to be. All natural.
